

TRILOK SHIVHARE

Flutter Developer

+91-7747032315 trilokshivhare9@gmail.com linkedin.com/in/trilok-shivhare

Professional Summary

Flutter Developer with **2.5 years of experience** building and releasing mobile applications for Android and iOS. Experienced in Flutter, Dart, Firebase, REST APIs, and state management using GetX and Riverpod. Delivered **5+ live applications** used by thousands of users, with a focus on performance and Clean architecture (MVVM).

Technical Skills

Languages: Dart, Java, C++

Frameworks: Flutter

State Management: GetX, Riverpod (MVVM, Clean Architecture)

Backend & APIs: REST APIs, Firebase Authentication, Firestore, Cloud Messaging

Testing: Unit Testing, Widget Testing, Manual API Testing (Postman)

CI/CD & Release: GitHub Actions (basic), App Store Connect, Play Console

Tools: Android Studio, Xcode, Git, GitHub, Postman, Figma

Practices & Monitoring: Agile, Scrum, Automated Testing, Firebase Crashlytics

Professional Experience

Flutter Developer / Team Lead

Mar 2024 – Present

Developer Bazaar,

Indore, India

- Led a team of 4 Flutter developers delivering 5+ production apps including Trimify, Jayhyzmat, Ability Amore, and EasyPayClockIn.
- Built and released cross platform apps using Flutter and Dart, serving thousands of active users in production.
- Integrated REST APIs and Firebase services; performed manual API testing via Postman and basic integration testing.
- Improved app startup performance and stabilized production builds for apps used by thousands of users.
- Handled CI/CD workflows and production deployments via App Store Connect and Play Console, including updates and hotfixes.
- Conducted code reviews and mentored junior developers, improving code consistency and architectural adherence.

Flutter Developer

Aug 2023 – Feb 2024

Kartgen Infotech LLP,

Indore, India

- Built Flutter applications integrating third-party WordPress REST APIs for e-commerce, supporting key features such as product listing, cart, and checkout without backend changes.
- Built interactive Flutter-based learning games for children with audio-driven interactions and pixel perfect UI from Figma, improving engagement and usability in production builds.

Projects

Trimify – Health & fitness meal tracking app (Flutter, Firebase)

[App Store](#)

* Production app used by thousands of users; improved stability and performance post release.

Jayhyzmat – E-commerce ordering application (Flutter, REST APIs)

[App Store](#)

* Solo-developed app featuring catalog, cart, and checkout with optimized API integration.

Ability Amore – Social networking & real-time chat app (Flutter, Firebase)

[App Store](#)

* Built real-time chat with Firebase and integrated third-party audio and video calling features.

EasyPayClockIn – Employee attendance management system (Flutter)

[Play Store](#)

* Built attendance and leave management features with role-based access and reporting.

Education

Bachelor of Technology in Computer Science

2019 – 2023

Acropolis Institute of Technology and Research, Indore,

CGPA: 7.5 / 10

Achievements

- Star Performer of the Year at Developer Bazaar for technical excellence and delivery impact.
- Winner of Extension Master Competition for Chrome Extension development.
